BRANCH/ROLL NO: AI&DS/55

```
import java.io.*;
import java.lang.*;
import java.util.*;

class one {
    public void print_dog() {
        System.out.println("Dog");
    }
}

class two extends one {
    public void print_is() {
        System.out.println("is");
    }
}

public class SingleInh {
    public static void main(String[] args) {
        two g = new two();
        g.print_dog();
        g.print_is();
        g.print_dog();
    }
}
```

OUTPUT:

```
[Running] cd "c:\Users\Acer\Desktop\experiments java\" && javac SingleInh.java && java SingleInh
Dog
is
Dog
```
