NAME: Vinith Shetty

BRANCH/ROLL NO: AI&DS/55

```java
import java.util.Scanner;

class Packages
{
        public static void main(String[] args)
        {
                Scanner a = new Scanner(System.in);

                String userName;

                System.out.println("Enter username:");

                userName = a.nextLine();

                System.out.println("Username is:" + userName);

        }

}
```

OUTPUT:

```
C:\Users\Acer\Desktop\experiments java>java Packages.java
Enter username:
Vinith
Username is:Vinith
```
